

SANJAY RAJ M

Full Stack Developer | UI/UX Design | Machine Learning | Web Technologies
+91 93443 28460 | rajsanjay4813@gmail.com | [linkedin.com/in/sanjay-raj](https://www.linkedin.com/in/sanjay-raj) | github.com/Sanjayraj-17

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with hands-on experience building full-stack web applications, machine learning systems, and responsive UI/UX interfaces. Proficient in Python, JavaScript, and REST-based web development with strong foundations in DBMS and data structures. Experienced in translating real-world problems into clean, efficient, and scalable software solutions. Quick learner with a collaborative mindset and strong communication skills.

TECHNICAL SKILLS

Languages: Python, Java (Basics), JavaScript (ES6+), C
Frontend: HTML5, CSS3, Responsive Design, Modern UI Layout
Backend: Python (Flask, REST APIs)
Database: MySQL, MongoDB (Basics)
AI & ML: Machine Learning, Scikit-learn, Data-Driven Prediction Systems
Design: UI/UX Design, Figma (Basics), Visual Hierarchy, Component Layout
Core: Data Structures, DBMS, Git / GitHub

PROJECTS

E-Mall Management System

HTML · CSS · JavaScript · Python · MySQL | DBMS Mini Project

- Engineered a full-stack web platform to manage second-hand book listings with add, update, search, and delete operations backed by a normalised MySQL relational schema.
- Built a Python backend serving dynamic data to a responsive HTML/CSS/JS frontend, achieving clean separation of concerns and reliable CRUD functionality end-to-end.

Coffee Shop Website

HTML · CSS · JavaScript

- Designed and developed a fully responsive coffee shop website with modern UI aesthetics — including product showcase sections, an interactive menu display, and a structured contact layout.
- Implemented fluid grid layouts, hover micro-interactions, and mobile-first breakpoints to ensure a polished experience across all screen sizes and devices.

AI-Based Disease Prediction System

Python · Machine Learning · Scikit-learn

- Developed a machine learning classification model trained on symptom-disease datasets to predict probable conditions, improving early diagnostic decision-making through data-driven outputs.
- Handled end-to-end ML workflow including data preprocessing, feature selection, model training, and accuracy evaluation — significantly reducing manual symptom-lookup time.

EXPERIENCE

Web Developer Intern — Zidio Development Remote

- Developed a responsive Excel analytics platform using HTML, CSS, and JavaScript with interactive UI components and basic data visualisation features for business reporting use cases.
- Collaborated with a remote engineering team, adhering to delivery timelines and iterating on UI feedback — strengthening practical frontend development and professional communication skills.

Workshops — PSNA College of Engineering and Technology

- Figma Tool Workshop: Gained hands-on exposure to UI/UX design principles, wireframing, prototyping, and component-based design workflows using Figma.
- Generative AI Workshop: Explored foundations of large language models, prompt engineering, and real-world Generative AI applications across software development domains.

CERTIFICATIONS

Generative AI for Beginners — Great Learning | Introduction to Generative AI Concepts | MongoDB Basics

ACHIEVEMENTS & STRENGTHS

- Strong communicator and collaborative team player — consistently appreciated for professional conduct and adaptability in academic and internship environments.
- Scored 98% in Class 10 and 85.5% in Class 12 (CBSE), demonstrating consistent academic excellence and strong foundational reasoning skills.
- Proactively upskilling in Generative AI and UI/UX — completed industry-recognised certifications to stay current with emerging software engineering trends.

EDUCATION

B.E. Computer Science & Engineering Sep 2023 – May 2027

PSNA College of Engineering and Technology, Madurai | CGPA: 7.69 / 10.0

Higher Secondary (12th) — Pathirakaliamman Matric. Hr. Sec. School, Palamedu, Madurai | 85.5% (2022)

Secondary (10th) — Pathirakaliamman Matric. Hr. Sec. School, Palamedu, Madurai | 98% (2020)
